

LEGACY WITH

A DIFFERENCE

Class of
2018

Welcome to our second ARIS yearbook edition!

Dr Fatma Odaymat
Director

This year has been one of the most successful and equally exhausting year in the seven years that I have been with ARIS. Through the hard work of our community, we have established ourselves as a leading IB school not only in Ghana but also the world.

At the beginning of this year a documentary was filmed in ARIS for the IB organization 50 Years Anniversary. It is part of 'A Better World Through Education' theme which explores the IB education and its impact on the world through its students, schools and communities. Two other documentaries featuring PYP and IB in Ghana were also filmed in ARIS by the International Baccalaureate-IB Organization and allowed ARIS IB educators to showcase to the world and explain how the IB prepares students to become active, caring, global and lifelong learners.

Our Eagles also triumphed in many fields (sports, robotics, art, drama, Math Olympiad...) and raised the ARIS and Ghana flags with pride. The ARIS Eagles were invited to perform and compete in many events in Ghana and around the world. We also showcased our strong commitment to our community through many student-led projects under the "ARIS Cares" initiative. Through it all the Eagle spirit could be felt far and wide.

Class of 2018, as we bid you adieu this year, I would like you to always remember that your "legacy with a Difference" will live on. I have known most of you for a very long time and it is with great pleasure that I say: you make ARIS proud! Soar high out of the nest and make the world your oyster. Do not forget: "In an eagle there is all the wisdom of the world".

Finally, I would like to give a special thank you to the dedicated team who put in hours to plan, collect, design and distribute this yearbook. I am grateful for all your hard work and commitment. You are keeping the ARIS history forever alive.

Message from Head of the Primary Years Programme

Over the years, Al-Rayan International School has built a tradition of excellence in Ghana, as we developed through 21st century teaching and learning practices, evolving from a Montessori Early Years School to an internationally and highly recognized IB institution.

We take pride in being a multi-cultural school where every student can find an avenue for success, and in being a global community where everyone in the ARIS family strives to find the best in others and in themselves.

This academic year marks yet another significant chapter in our journey to becoming the best educational organization in West Africa; our yearbook highlights just a few of the memorable events, programs and celebrations that took place this academic year.

The exciting and remarkable occasions from cultural celebrations around the world to academic performances portraying the international standards of our curriculum has indeed made ARIS this year a 'legacy with a difference'.

At Al-Rayan International School, we value the importance of not only intellectual development, but also the socio-emotional growth of our students to ensure their welfare and well-being that guides them to becoming global citizens who will make a positive impact to the world.

I look forward to another wonderful experience with each and every one of you in the coming academic year of 2018-2019.

All the very best,

Sincerely,
Dania Sadek
(Head of PYP)

Head of Secondary School's Message

Welcome to the 2017-18 Yearbook!! This year has been a big year for ARIS! We have achieved one of our goals to become an IB continuum school, by adding the IBMYP to our existing IBPYP and IBDP.

I have seen and worked with various Institutions in my years. Nothing, however, has come to the revolutionary and zealous approach of ARIS in striving for excellence in world class education for all.

Yearbook is made up of beautiful memories of our journey that all of us have traversed together, and will always look back at, fondly.

This year, our students' initiatives and participation within the school and outside communities has been commendable. 2018 will also be the year of our second IBDP Graduating batch.

As a growing collaborative community here at ARIS, we strive in learning from each other. Our Secondary Faculty has been the unsung heroes of all that ARIS has and is yet to achieve.

Our ARIS PSA has also been a pillar of support in taking the School to this level. To say the least, this level of achievement could not have been, without the continuous support and encouragement by our Board of Directors and Senior Management Team.

ARIS has been the most welcoming home to all of us. I hope when you look inside this yearbook, you are filled with as much warmth and love for ARIS, as I always am.

Sincerely,

Alpana Mukherjee
Head of Secondary School
